PROFESSIONAL BIOGRAPHY

Passionate equestrian dedicated to horse care, training, and welfare, committed to building a successful career in the equine industry

I am a dedicated and passionate equestrian with lifelong involvement in the equine industry, beginning at eighteen months old. Over the years, I have developed strong riding, horse care, and management skills through competitive experience, volunteering, and mentorship from expert instructors. My career goals include completing qualifications as an International Level I Coach, with future aspirations in equine dentistry.

My equine journey has included:

- **Competitive Riding:** SANESA, dressage, equitation, show jumping, showing, and Pony Club events. Produced my rescued Boerperd, *Snowman*, into a Children Novice Provincial Dressage Reserve Champion.
- **Practical Experience:** Leasing and riding a variety of horses, including thoroughbreds and ponies, developing adaptability and versatility across disciplines.
- **Specialist Exposure:** Job shadowing with Andrew van der Dussen (Horse Dentist, 2021), Sara Lambert (Farrier, 2022), and Sven Targett (Equine Biomechanics Farrier, 2023).
- **Community Service:** Volunteering at Midrand SPCA, fundraising and food drives; assisting at Helderberg Animal Sanctuary Horses. Assistant Instructor for the Darling Equestrian Club After School Development Riding Programme.
- **Training Philosophy:** Strong focus on flatwork, biomechanics, and horse welfare, with experience managing horses with conditions such as Kissing Spine.

I bring a foundation of resilience, compassion, and technical skill, supported by years of hands-on learning and mentorship. My instructors, family, and grooms have instilled in me the values of patience, care, and continuous improvement.

Sean Herron

QUALIFICATIONS AND ACHIEVEMENTS
